AARON

BIRTHDATE: January 18, 2014

AGE: 9

ARRIVED: February 17, 2023

Aaron lived with his 100-year-old great-grandfather, who could no longer care for him. Aaron suffered from domestic violence and had to work to support himself and his great-grandfather. He has never been to school. Aaron was residing at a women's shelter because family members were unwilling to take him in before arriving at Niños. He is adapting quickly to his new home and loves pizza and the color black. He likes to play with dinosaurs and Ultimate Spiderman.

A sponsorship provides a child with:

Our unique child sponsorship program allows sponsors to play the vital role of "extended family" for children who do not have their biological families in their lives. The prayers and love you give them will help in their healing process. Our sponsorship program lives out the phrase **"it takes a village"** to raise a child. ***We ask that each sponsor remember their child/children with a gift for their birthday and Christmas and pray for them regularly.***
